Second Reason

The loans made by this company are being repaid in monthly installments large enough to cover the interest and leave something to apply on the principal. It often happens that a loan will be reduced several hundred dollars within a few months after it is made. The security being good at first, grows better as the loan is reduced, and a loss becomes next to impossible.

Court Upholds Millionaire's Will.

Columbus, O., Nov. 11.—A suit to set aside a will disposing of \$1,000,000 worth of Toledo property was decided by the supreme court Tuesday against the plaintiff. Dennis Coughlin died, leaving his property to six children and three grandchildren, with the provision that if any of the children, having married without issue died before the expiration of a trust he created, the share belonging to the deceased child should revert to the estate and no part of it should go to the surviving wife or husband of the deceased child. Ella Coughlin, wife of a son who died before the expiration of the trust, sought to have the will set aside, but did not succeed.

Johnson Refuses to Produce Books.

Cleveland, Nov. 11.—Mayor Johnson refused either to produce the books of the Paymaster Fare Box Co. or to answer questions except in his own way Tuesday in the receivership hearing before Special Master Irvin W. Belford. The mayor's time on the witness stand was marked by many hot clashes with attorneys. Attorney A. V. Cannon, representing the creditors' committee, asked Master Belford for an order requiring Johnson to produce the books. Belford referred him to Judge Taylor.

An Unprofitable Lawsuit.

Columbus, O., Nov. 11.—The costs of the case, to say nothing of attorneys' fees, will far outweigh the amount of money involved in a suit which the supreme court decided Tuesday. The Eaton Telephone Co., of Freble county, sued S. M. Griffin for \$5.35 for rent due for a telephone and Griffin brought a counter claim for \$60 for a right of way for wires strung over his farm. The company won the case in the lower courts and the supreme court affirms their decisions.

Soldier Accused of Big Theft.

Columbus, O., Nov. 11.—Private John Hayes is confined in the solitary cell at the barracks here, charged with stealing \$300 worth of army clothing, hats, coats, swords and like which a detective discovered in a shanty along the railroad tracks. Hayes declares he did not steal the plunder, but holds it as security for loans to recruits. Hayes says that if he is found guilty he will expose 200 soldiers who have applied to him for money.

HIS PLEA FOR BAIL IS DENIED

FINANCIER MORSE MUST STAY IN TOMBS PRISON FOR SOME TIME.

HARD BLOW FOR THE ICE MAN

No Matter How Long He is Forced to Stay in the Tombs, the Time Will Not be Deducted from His Sentence.

New York, Nov. 11.—Bail was denied Charles W. Morse, the financier, who has been sentenced to 15 years' imprisonment at hard labor, at the closing of the United States circuit court of appeals Tuesday, and it now seems certain that the former multimillionaire must remain in the Tombs prison at least until December 3, when argument on the writ of error that has been granted him may come up.

Judges Lacombe, Ward and Cox, of the court of appeals, rendered the decision. One loophole is left open to Morse's counsel in the decision and that is that the judges decided that while bail was denied it was done so "without prejudice to a renewal of the application after a bill of particulars is filed."

The judges stated that as the trial judge in the proceedings against Morse had refused to admit him to bail, the reviewing judges were not prepared on the papers submitted to them to make a disposition of the motion.

Morse had been hopeful of gaining his release from the Tombs Tuesday and the denial of bail came as a hard blow. His wife and son had been with him in the jail during the afternoon and they encouraged him in the belief that he would be free by night-fall.

While Morse tried to hide his disappointment, he felt too cast down to do so. He walked to the rear of his cell and sat on the edge of his hard, narrow berth and refused to make any comment.

There is one feature of the case that is particularly disagreeable to Morse. That is that no matter how long he is compelled to remain a prisoner in the Tombs, the time will not count as part of the 15 years he must serve in the federal prison at Atlanta, Ga., in case he loses his fight for a new trial.

A VICTORY FOR STANDARD OIL

A Federal Court Refuses to Grant a New Trial of Case Involving \$29,000,000 Fine.

Chicago, Nov. 11.—The government's petition for a rehearing of the case in which the United States circuit court of appeals reversed the trial court in finding the Standard Oil Company of Indiana \$29,240,000 for alleged rebating, was denied in the court of appeals Tuesday. The government in its petition for a rehearing intimated that if the opinion of the judges of the appellate court—Grosscup, Seaman and Baker—were allowed to stand it would nullify nearly every shred of rate reformatory legislation accomplished by the Roosevelt administration.

It was announced in the office of District Attorney Sims following the decision of the appellate court that additional suits against the Standard Oil Company of Indiana were fully prepared and that trials may be demanded within two weeks. Two of the suits charge rebating in connection with shipments on the Chicago & Eastern Illinois railroad and two with shipments on the Evansville & Terre Haute railroad. The cases cover almost 1,800 counts, on which indictments were returned by federal grand juries.

Washington, Nov. 11.—It was stated at the department of justice Tuesday that in
